

## #ASPOweek FAQ

As ASPO moves forward with a virtual meeting for 2020 due to COVID-19 restrictions, The Program Committee has been working hard to bring you as much content as possible virtually, and we're excited to kick off **#ASPOweek next Monday, March 23.**

**We know you have some questions, and we have answers:**

### **Do I need to register for the virtual conference?**

*If you have already registered for the Annual Conference, you are automatically registered for the virtual conference. If you haven't registered and would like to join, please [visit the ASPO website](#).*

### **What is the schedule for the Virtual Conference?**

*You can [view the schedule](#) on the ASPO website, it is being updated regularly.*

### **How will I access the virtual content?**

*The live sessions will take place via Zoom Webinars. They will all be recorded and made available through the ASPO website, if you're not able to attend live. Watch your email inbox on Friday, March 20 for access links.*

### **How can I make sure I receive emails from ASPO National Office?**

*Please add [info@aspo.org](mailto:info@aspo.org) to your contacts list to ensure you always receive our emails.*

### **Will I be able to ask presenters and attendees questions?**

*Most live sessions will include a Q&A portion where you can ask presenters questions through the Q&A function. The conversation will also continue after the presentation on Slack.*

### **What is Slack?**

*Slack is a collaboration tool that will allow attendees and presenters to ask and answer questions, share information, and continue the scientific discussion long past #ASPOweek. [Follow this link](#) to set up your account and start exploring.*

### **I was scheduled to present, but I'm not sure when that's happening now.**

*Check the agenda first, if you don't see your session listed or there is a TBA listed next to it, please reach out to your session chair or the Program Chairs Timothy Rebbeck and Kathryn Weaver for further instructions.*

### **How will poster presentations take place?**

*Posters are being featured on the ASPO website, and presentations will take place on Twitter starting March 25th.*

### **What if I don't have Twitter?**

*No problem! You will still be able to [view PDF's of the posters](#) on the ASPO website, and you can still read the presentations on our [Twitter feed](#) - no need to login or create an account.*

### **Is there an official conference hashtag?**

*Yep! And we would love it if you would use it - #ASPOweek for general conference posts and #ASPOposters2020 for poster presentations.*

### **I still have more questions!**

*No problem! Send us an email at [info@aspo.org](mailto:info@aspo.org) and we'll get you answers as quickly as possible.*
